

Steel Investment Casting Base End Hydraulic Cylinder Yoke End / Hydraulic Cylinder Fittings

Our Product Introduction

for more products please visit us on greycastironcasting.com

Basic Information

- Place of Origin: Ningbo China
- Brand Name: NC57
- Certification: ISO 9001
- Model Number: 57
- Minimum Order Quantity: 1 pcs
- Packaging Details: Wooden Case
- Delivery Time: 30 days
- Payment Terms: T/T, L/C
- Supply Ability: 60,000 pcs per month

Product Specification

- Material: Cast Steel
- Process: Casting, Forging
- Finish: Sand Blast, Powder, Plating
- Heat Treatment: Quenching And Tempering Treatment, Normalizing
- Mechanical Performance Test: Tensile Strength Test, Yield Strength Test
- Size: As Per Drawing
- Highlight: **steel investment casting, investment and precision casting**

Product Description

Steel Investment Casting Base End Hydraulic Cylinder Yoke End / Hydraulic Cylinder Fittings

Our Company

We are in line of hydraulic cylinder component parts, construction machinery parts, Auto parts, Agricultural Machinery Parts, Electric power fitting, hot die forging part, metal glass seal etc.

If you want to make your own hydraulic cylinder, we are the right place for providing you with all of the components for hydraulic cylinders. Hydraulic cylinder components are essential for quality operation of a cylinder. Since we want our cylinder components to be manufactured to the highest quality, we use only the best materials that are treated by modern CNC machine tools.

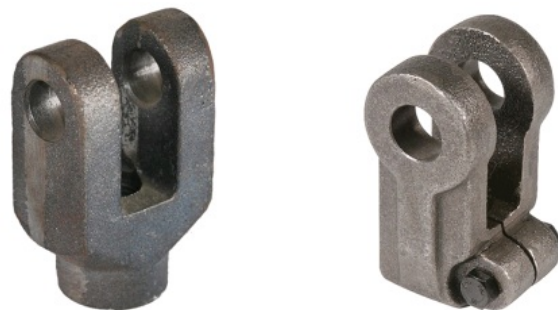

After 25 years of development, we know how to use our equipment and knowledge to do the good job. Our primary goal is to achieve high quality levels that provide our customers with safe and reliable products with on time delivery at competitive prices meeting or exceeding their needs.

Related Product

Flanges, cylinder ends, cylinder bottom, cylinder head, cylinder clevis, cylinder valve, hydraulic valve blocks, manifold valve, pistons, gland, rod ends, lug, connection, trunnion, forks, base cap, end cap, gland cap, mounts, forks, ring, pin, yokes, valve housing, lug, nut, ports, connection, rod ends, other other hydraulic cylinder repair part.

Product Details

Precision Processing	Turning, CNC Turning, Milling, Grinding, Drilling, Tapping and Machining Center
Applied Software	PRO/E, Auto CAD, Solid Works, UG, CAD/CAM/CAE
Material	Steel, Iron, Brass, Bronze, Aluminum, Stainless Steel, etc.
Tolerance Precision	+/-0.005~0.02mm, can also be customized.
Dimension	As per customers' request
Part Color	Silver, Red, Blue, Gold, Oliver, Black, White & etc.
Samples	Acceptable
Quality System	100% inspection before shipment
Lead Time	Based on the quantity of order (Usually 10-15 days)
Packing	Anti-rust Paper, Small Box and Carton, full consider of practical situation
Shipping	By sea, By air, By DHL, UPS, TNT & etc.

Our Service

Our Engineering can help you with your ideas, drawings and products from initial prototype, right through to production and deliver of precision components in various materials, such as: Mild steel, copper, aluminum, stainless steel, steel alloys, brass and plastics.

Our company supplies different kinds of products. High quality and favorable price. We're pleased to get your Inquiry and we will come back to as soon as possible.

FAQ

1. How to get a quotation?

Please send us drawings in igs, dwg, step etc. together with detailed PDF.

If you have any requirements, please note, and we could provide professional advice for your reference.

2. What if we do not have drawing?

Samples would be available, and we would send you drawing to confirm.

Of course, we would ensure the safety of the drawing.

3. How to pay?

For small quantity, we could provide Paypal, Paypal commission will be added to the order.

For the big one, T/T is preferred.

4. How to ship?

For small quantity, we have cooperation with TNT, FEDEX, UPS etc

For big quantity, air or sea would be available for you to choose.

5. What about the packing details?

We attached our normal packing details.

If you have any special requirements, we would be willing to help.

6. What about the delivery time?

It would be 20-30 days normally for the parts to be ready and we had a system to ensure the time.

When you made your order, you would know.
